Subject: Foreign Filing Recommendations from Inskeep Memo dated April 5, 1983

In a memo from Art Palmer dated 27 July, 1983, he has indicated the countries in which certain R&D cases will be filed. To assist you in your review, I have assembled Mr. Palmer's comments for comparison with the recommendations we originally submitted (see attachment). In addition, each case is identified by subject matter to clarify the situation.

If you have any comments or wish to have a case reconsidered for broader filing, please let me know immediately so that I can take care of it before leaving on vacation on August 5.
